

Playing the best indie & rock hits from the nineties through to the early noughties (plus a few older tunes thrown into the mix).

Let ***Ain't No Disco*** provide the soundtrack to your evening with the likes of the Killers, Pulp, Ocean Colour Scene, Kaiser Chiefs, Queen, Blur, and many, many more.

Each member of ***Ain't No Disco*** is an experienced and dedicated musician. We love the music we play and are committed to making our shows exciting and fun.

We can provide our own P.A and lighting, we would need just two plug sockets to power all our equipment. To make sure our system is safe we PAT test all equipment over the age of two years. Our usual show is made up of two sets, with each set lasting between 45 minutes to 1 hour. Although we can be flexible as long as we know in advance.

Over the past six years some of the venues we have played include; The Feathers (Lichfield), Fazeley Studios, West Midlands Safari Park (Tree Tops Pavillon), Chateau Impney, Pendrall Hall and many more.

You can find demo tracks, videos, and testimonials of our shows on our website at www.aintnodisco.org.
